Unlock the power of your genetics with our DNA test, providing personalised insights and actionable recommendations to optimise your health and lifestyle.

COGNITIVE ANALYSIS

QEEG BRAIN MAPPING

90 MINUTES | £500 GBP

The BrainX-20c is a cutting-edge neurotechnology device designed to enhance brain performance safely and effectively.

Combining advanced neuroscience with an intuitive design, it offers a non-invasive way to monitor and improve brain activity. FDA-approved for safety and efficacy, the helmet features dry electrode technology, eliminating the need for gels or pastes while ensuring high-quality readings with minimal discomfort.

Easy to use and seamlessly integrated into daily routines, the BrainX-20c helmet redefines brain performance enhancement.

NEUROFEEDBACK

£150 GBP
